

# Discord is a voice and text app for communicating with other Zwifters during an event

## Setup Discord

1. install the app on your PC or smartphone. <https://discordapp.com/>
2. Open the app and Create a Discord account
3. Open Settings (Settings is at the bottom of the left-hand menu).
4. Open the Voice and Video section.
5. Set Input Mode to **Push-to-Talk**
6. On the Smartphone app, you activate Push- to-Talk by pressing the button at the bottom of the screen.
7. **On the PC app, you need to create a Push-to-Talk button.** Highlight the Shortcut area, press the Space Bar and then click Stop Recording. The Push-to-Talk button is now set.

8. Click on "X Esc" at top right-hand corner to exit settings.

## Connect to the voice channel for Cycling Ireland Zwift events

1. Click on the "+" sign on the left-hand panel.
2. Click on Join a Server.
3. Enter <https://discord.gg/XmE4rUs> in the server name and click Join.
4. The next time you use Discord, this server will be shown on the left-hand panel and you can click on this directly to join the session.
5. Under Voice Channels, click General and then click Connect to Voice if asked.
6. You are now connected to the Cycling Ireland voice channel. Press the space bar to talk and release when finished talking, just like a 2-way radio.
7. Don't forget to hang up when the event has finished.
