

Munster Commission Report

2020 Overview

As we all know 2020 was a difficult year which saw reduced activity for the province. Special credit must go to all those who promoted events which was extra difficult with all the extra restrictions. Cycling Munster would like to really thank these promoters as well as the promoters of the Munster championship events. The cyclocross season 2019-20 was completed and ran very well by the clubs and the Munster Rep John Dempsey. Great to see this area of the sport flourishing. We are all looking forward to more activity hopefully in 2021 and beyond.

Strategic objectives for 2021

Continued growth of the sport and Cycling Munster will be looking forward to engaging with Cycling Ireland's initiatives which we feel is an area the province is being neglected in at present
