Further selection for events and training camps will be released after the squad has been announced. Minimum standards must be met to compete in events. Squad members will be required to meet the required standards outlined above on an ongoing basis to remain on the squad. New members will be considered when they have achieved standards that are equal to or better than existing squad members. Squad members must make themselves available for regular testing. Cycling Ireland reserve the right to change the size of the squad. This criteria will be periodically reviewed and re-published. The track squad will be dynamic and any member failing to perform may be replaced or dropped from the squad.
