

Dealing with positive or suspected cases – Advice for Cycling Ireland Clubs, 20th October 2020

If a club member or official displays positive symptoms he/she should refrain from further activities until the following steps have been undertaken:

Individual with symptoms contacts GP – who arranges triage and testing if required

Positive Test

Negative Test

NO FURTHER ACTION (A Member should be symptom free for 48 hours before returning to activity)

Contact tracing takes place by public health authorities who will determine who are close or casual contacts

Members follow advice of Public Health if they fall into one of the below categories

Close Contact

Casual Contact

Will be Tested	Passive Follow Up for 14 days
<ol style="list-style-type: none"> 1. Will undergo active follow up from Public Health 2. Should be contacted every day 3. Telephone GP immediately if unwell 4. Do not leave home unless necessary 5. Avoid Travel (within or outside of Ireland) <p>Cycling Ireland INVOLVEMENT – None until medical assessment and clearance to return</p>	<ol style="list-style-type: none"> 1. Will be advised about their risk 2. Should ring GP immediately if any symptoms develop <p>Cycling Ireland INVOLVEMENT – As normal if symptom free</p>
